الحالة الاجتماعية:

Dr. S.M. Emdad Hossain currently an Assistant Professor in the department of Information Systems, College of Economics, Management and Information Systems, University of Nizwa. He has received his PhD degree in Information Science and Engineering from University of Canberra, Australia. He has diverse educational and teaching experience from number of countries around the globe. He spent his secondary school life in Bangladesh, and completed his higher secondary school and Bachelor (Hons) in Malaysia. After five years of extensive experience in teaching and research in Australia; he moved to United States with new offer as Research Scientist in Embry Riddle Aeronautical University, Florida, USA. He is in the technical review committees and regular reviewer for several IEEE, Elsevier, ISI, and IET journals/conferences. His research interest includes multi-modal systems, computer vision, pattern recognition, data mining, medical image computing and mobile banking. He has 22 fully refereed Journal and Conference publications with a book chapter and 3 Intellectual PATENTS in pattern recognition and mobile banking. He is highly interested in seeking wide and interdisciplinary .collaborations in teaching and research

المؤهلات الأكاديمية

Post-Doc, Embry Riddle Aeronautical University, USA, 2015

PhD, University of Canberra, Australia, 2014

Information Systems in Organization
Database Design
Systems Analysis and Modelling
Security and Support in IT
Information Technology for the Workplace
System and Project Quality Management
Global E-Commerce
E-Business Strategy, Architecture and Design
Intro to Information Systems
Information Systems Analysis
Systems Analysis and Design
