

## Dr. Ahmed Abdul Rahim Ali Abusham

Associate Professor and Assistant Dean for Training

*School of Pharmacy...*

*كلية العلوم الصحية*

*جامعة نزوى، سلطنة عمان*

هاتف: (+968)432

محول: 432

البريد الإلكتروني: abusham@unizwa.edu.om

موقع المكتب: 33-26...

يعمل في الجامعة: منذ 2011

### **(Qualification (Degree of University•**

(PhD., Clinical Pharmacy, Omdurman University (Sudan

.(MSc Clinical Pharmacy, University of Derby (UK

(PGDip Clinical Pharmacy, Queens University (UK

### **Areas of Specialization - teaching**

Teaching Advanced pharmacy practice and therapeutics to undergraduate and graduate pharmacy students and 6<sup>th</sup> year medical students

### **Research interest**

Researcher and reviewer in clinical pharmacy practice teaching/learning, infectious diseases, oncology and haematology therapeutics

### **Awards**

The 3rd prize winner for the oral competition at the first International conference for "Pharmacy Education in the Era of Globalization". University of Nizwa, Oman. Jan 25, 2012

Certificate of appreciation conferred by the Acting Hospital Director, Sultan Qaboos University Hospital, OMAN. June 2006

Letter of Thanks for outstanding performance in pharmacy service conferred by HE the  
.Chancellor, Sultan Qaboos University, OMAN. February 13, 2001

Award certificate for recognition of outstanding poster presentation in: SQU Research Day ,  
.OMAN. February 26, 2001

#### المؤهلات الأكاديمية

PhD, Omdurman University, 2010

MSc, Derby University (UK) , 2001

#### أنشطة التدريس

Pharmacotherapy III, This course discusses the disease related aspects and the management of major infectious diseases, haematological disorders and malignancies The course focuses on the epidemiology, pathophysiology, etiology, clinical manifestations, pharmacological and non-pharmacological management, patient monitoring and education associated with the mentioned diseases., 3 CH

Advanced Clinical Chemistry, This course covers the fundamentals of laboratory medicine and its importance in screening, diagnosis and interpretation of patient`s clinical data relevant to pharmacological management of diseases. It describes biochemistry, haematology and microbiology laboratory investigations, their significance and application., 2 CH

Advanced Pharmacy Practice, The course is an advanced course in continuation to pharmacy practice I and practice II courses. This course includes advanced scenarios on patient management where student acquires skills to make informed pharmacotherapy decision that is patient focused, evidence based, cost effective and clinically sound, 2 CH

#### الأنشطة البحثية

##### الاهتمامات البحثية -

My research targets Pharmacy Education as well as patient care aspects in relation to infections, susceptibility testing, antimicrobial stewardship, antimicrobial resistance and rational use of antimicrobials. I also, research haematology focusing on therapeutics of haemoglobinopathies .e.g. sickle cell disease and thalassaemia. I am Also interested in pharmacy education research
